Whitecroft Hall offers **amazing outdoor time** – new playground, sand, field and wooded areas, canopy set up outside for down time, and picnic benches for outdoor crafting and games. Every week, the sunniest forecasted day is our **water day** - a full afternoon of water activities, including water fight and water balloons. We are visited by the **Book Mobile** portable library bus weekly, allowing kids to borrow books and spend some time weekly on literacy, including participating in Strathcona Library's summer reading incentive games and programs.

Many kids like to be registered with their best friends or cousins for an all-week awesome play date! **A big draw for our camps is our convenience to working and busy parents, with our 6:30am - 6:00pm operational hours, as well as the provision of breakfast and 2 snacks AND a weekly and daily fee option.**
